

Name£º PSF series foot stamping sealing machine

Model£º PSF-350

Description£º

Summarize:

The PSF series foot stamping sealing machine possesses all functions of other simple foot stamping sealing machines. It can seal polythene, poly propylene and multi-layer compound plastics. Up and down adjustable stuff capping rack, can be used to seal paper bag when heated from top to bottom earning high efficiency, and is irreplaceable by other sealing machine.

Specification

Model	PSF-350	PSF-450	PSF-650
voltage	500W	1000W	1200W
Sealing Length	350mm	450mm	650mm
Sealing Width		8mm	
Heat Time		0.2-2s	
Packing size		800*530*250mm	
Machine weight	18kg	20kg	24kg
